

Low Free Disk Space on C:

Printed: 3/19/2002

Author: Anders Brenna

The Low Free Space on C: report shows a list of computers having less than 500MB of free space on the C: drive. The list is sorted with the smallest amount of free space first.

Use this list to take action before the available free space becomes a problem, or check this list if a problem already has occurred.

Free Space (MB)	Computer Hostname
109	SE00536_1
195	JOCKE_M
225	ws
257	SE01344NT1
272	ITAT002045
278	ITAT005601
282	SE00513NT2
352	SE16355TP
406	ITAT002549
411	ITAT005849
417	wspoberggren
426	ws100002
